p. 7 Preface WHEN A BOOK GOES INTO its third edition, authors feel affirmed but also encouraged to do even better. Instructors who have read and used our book confirmed that the new synthesis we offered in the first and second editions enabled them to bring the most current conceptualizations of the West into their classroom.

### **The Making of the West Peoples and Cultures**

From the book s conception, the authors a team of renowned scholars and expert teachers have worked to provide a new vision of the West based on cutting-edge scholarship. The narrative enhanced by a rich and informative art and map program distills the latest research and consistently treats topics underserved in other books: the West in global perspective, high and popular art and culture, and gender.

I always have a quibble with the newer edition because of what is dropped, but it is usually replaced with something equally important. The selections are long enough to be challenging but not so long as to overwhelm. The questions at the end of each document are such as to invite discussion, not simply a regurgitation of fact. It is a cornerstone of my teaching and many students have admitted to me that the documents become their favorite part of the course.
